

LINEAPELLE

Protection service for innovative samples

Many companies are asking for an instrument of protection against the copying of their samples, at least the **most innovative ones**.

The body of certification ICEC (www.icec.it) has developed the recording of samples with an online service, which is fast and cheap, based on:

- ✓ definite date
- ✓ different degrees of detail
- ✓ different characteristics (eg. shapes, colors, physical properties, materials).

Those who are interested can fill this communication in the lower part and they have to send it to the e-mail icec@icec.it or to the fax +39.02.72000072. The data will be used in a confidential way and without obligation.

ICEC will contact you to provide further details and costs.

Best regards.

Company name:

.....

Contact person and phone:

.....

Type of sample products that you are interested in registering (eg. skins, buttons, buckles):

.....

Type of parameters which you are most interested in protecting with the registration of samples:

- forms (for accessories)
- colors and/or type of finishing
- materials
- performances (ex. physical properties)
- other:

Main reason why you're interested in a protection of your samples:
