**FASHION VISIONS AND PROJECT CULTURE:  
22 DESIGN DIALOGUES  
FOR THE THIRD EDITION OF LINEAPELLE INTERIORS  
(LINEAPELLE – 11–13 FEBRUARY 2026 – FIERA MILANO RHO)**

Now in its third edition, **LINEAPELLE INTERIORS 2026** opens up an innovative creative horizon, building a bridge between the **techniques and materials of the fashion industry and the project-driven culture typical of the design economy**.

An invitation to discover new connections, opportunities and visions for the future.

LINEAPELLE INTERIORS was launched in 2024 within **LINEAPELLE** with the aim of exploring the potential of Italian leather and textile materials through styling actions and product development, while activating **collaborative connections** with the worlds of design and architecture.

Held once a year – on the occasion of LINEAPELLE's February editions – LINEAPELLE INTERIORS takes shape as **a space for dialogue** between high craftsmanship and industry, highlighting the technological and application-driven innovation of leather and materials through an original journey of solutions for interior design.

In this edition, **22 design dialogues** will take place within the dedicated area in Hall 5, bringing together the excellence and expertise of leather and materials manufacturers with the design skills of leading high-end design brands.

The result is an invitation to be surprised and to embark on an unprecedented and stimulating **journey of discovery**.
