

LINEAPELLE

**LINEAPELLE NEW YORK RETURNS TO MANHATTAN ON FEBRUARY 1st AND 2nd, 2023:
OVER 100 EXHIBITORS PRESENTING LEATHER:
COLLECTIONS FOR THE 2024 SUMMER SEASON**

London, New York and Milan: the LINEAPELLE international trade fair network opens 2023 by reinforcing its landmark events, in the important capitals of the world, for the global fashion and design industries, presenting the collections of leathers, fabrics, synthetics, accessories and complements dedicated to the 2024 summer season

LINEAPELLE will begin its tour-de-force with the one-day event of **LINEAPELLE LONDON**, scheduled to take place at London's Ham Yard Hotel on Tuesday, January 24, 2023. From there they introduce the 42nd edition of **LINEAPELLE NEW YORK**, which returns in the Big Apple on **Wednesday, February 1st and Thursday, February 2nd, 2023**, at the **Metropolitan Pavilion**, in Manhattan's Chelsea neighbourhood, hosting more than 100 exhibiting leather companies from Italy, France, Spain, Germany, the United Kingdom, Turkey, Brazil and the United States.

LINEAPELLE NEW YORK, a niche event, precedes and launches the 101st edition of **LINEAPELLE MILANO (February 21/23, 2023, Fieramilano Rho)**, remains the tanning sector, for which the US market is confirmed as a solid destination, which the U.S. market is confirmed as a solid destination. This is confirmed by the data processed by UNIC – Italian Tanneries for the first 9 months of 2022, a period during which exports of leathers made in Italy to the USA amounted to over 145 million euros, up 7.2% compared to 2021 and 5% compared to 2019, thus demonstrating that they have recovered and exceeded the levels of business prior to the outbreak of the pandemic.

The new collections presented by exhibitors at **LINEAPELLE NEW YORK** will cover Summer 2024, which promises to be a season where colors will be the real protagonists: vital, positive, almost therapeutic. The trends, as usual, will be presented and explored in depth during three style seminars, two on 1 February (11 a.m. and 2 p.m.), and one on 2 February (11 a.m.), in the Trend Area on Level 2 of the show. Here, exhibitors will present the launches and innovations of their production, offering samples and materials that also tell of their daily commitment to the development of increasingly circular and traceable products. Sustainable collections will be a main focus. In this regard, presentations are planned at LINEAPELLE NEW YORK, involving organizations and brands involved in the development of projects and tools linked to the management of supply chain traceability.

LINEAPELLE NEW YORK is organized by the LINEAPELLE exhibition organization and IEG - Italian Exhibition Group, which recently signed a collaboration agreement to give impetus and further development to the American edition of LINEAPELLE. The goal is, also, to make LINEAPELLE NEW YORK an appointment- a reference event- not only for the American fashion supply chain, but also for furniture and interior design sectors.
